

README

The portfolio site contains 3 Sections/5 pages (all the pages are responsible)

Section 1: Projects

This section contains my projects. When clicks the first project, this page will take

- The six screens will shake when the document is ready.
 - Use the CSS shake library: <https://elrumordelaluz.github.io/cssshake/>
- The screens are clickable; each screen is one of my facts.
- Only the first project (Helpinghand) is clickable.

Section 2: Photos

This section contains some of my photos.

- Use a library for modal image: <http://www.menucool.com/slider/show-image-gallery-on-modal-popup>

Section 3: About

This section is an “about me” page. It includes

- Profile
- Social media link
- Resume button
